## What's New In Interiors This Month

From stylish marble stools to oversized table linens, the interiors world is brimming with creative ideas and new launches right now...

BY GEORGINA BLASKEY

## Marbera

Marbera is based in Paris and makes its pieces in Italy. Inspired by founder Laura Torregrossa's passion for transforming precious natural stones into unique furniture and objects, the brand was launched in 2020. Its Dolce stool has caught our eye – the polished outer shell brings out the natural beauty of the stone, while a comfortable cushion is integrated in the base but is easily removed for cleaning.
